Purpose Driven

International Guide | 2027

Live in Canada

In the global marketplace, Canada is considered a prosperous and technologically advanced country with a high standard of living. With approximately 40 million people and more than 250 ethnicities, 200 languages from around the world represented, and 70 Indigenous languages spoken, Canada is a dynamic and welcoming place to study, live, and work.

We look forward to welcoming you to our community and classrooms!

**University of
Guelph-Humber**

Toronto

Lake Ontario

Choose the University of Guelph-Humber

At the University of Guelph-Humber (U of GH), our degrees open a world of careers and graduate and professional programs to explore.

People are at the heart of the Guelph-Humber experience. Every day we work together to deliver academic excellence and promote a caring and inclusive community committed to your success.

You are taught and mentored by instructors working in their fields who bring their first-hand knowledge into the classroom.

U of GH leads postsecondary education by redefining a unique student experience that seamlessly integrates academic and real-world experiences throughout your degree. Our students bring focus and ambition, guided by a strong sense of career passion and a readiness to explore their potential.

At Guelph-Humber, you graduate ready: with real-world experience, clear career direction, strong professional networks, and the confidence to build meaningful careers or pursue graduate and professional programs. Year after year, our graduates demonstrate these outcomes through their success.

As we mark our 25th anniversary in 2027, we celebrate our U of GH alumni who are building meaningful careers and make lasting contributions across science, health, business, justice, psychology, media, early childhood education, and social services.

“

My work placement helped me to bring my education into the real world. I worked as a research assistant with a focus on memory and learning, and mental health communication...and produced research-based content. These opportunities led me to my new role within a professional psychotherapy office. My experiences at Guelph-Humber showed me how much I enjoy applying what I learn beyond the classroom.”

Kathrine S., Psychology

“

Almost everything I learned in my specialization applies to what I do now! I was able to land a job in my field almost right after graduating, and a big part of that was having a portfolio full of projects I worked on during my classes. It made a big difference when applying for jobs.”

Larissa R., Media & Communication Studies

Your Partners in Success

The University of Guelph-Humber (U of GH) is located in Toronto, Ontario, Canada, and is a public partnership between the University of Guelph (U of G) and Humber Polytechnic (Humber). We were founded more than 20 years ago on the principle of integrating both theory and practice into the curriculum, combining all the best things about a university and a college in Canada.

You will earn an honours undergraduate degree from the University of Guelph and a diploma from Humber Polytechnic. All courses you take at U of GH are university-level courses.

University of Guelph

The University of Guelph is a leading Canadian university where more than 36,000 students come to learn, explore their interests and prepare for the future. Known for high-impact research and learning that extends beyond the classroom, U of G helps students build the knowledge, experience and confidence to succeed after graduation.

Humber Polytechnic

A Humber Polytechnic education is built around experience. You'll apply what you're learning through real-world projects, modern learning environments, industry-connected faculty and work-integrated learning opportunities.

Our programs are developed with employers and designed around the skills today's industries need, so you'll graduate ready to contribute from day one while building the adaptability to grow throughout your career.

Experience Toronto

The University of Guelph-Humber campus is located in Toronto, Ontario, Canada, close to Toronto Pearson International Airport.

Toronto is home to the second-largest financial centre in North America and has the third-largest labour force in North America.

There's something new to see and do in any season. Toronto is full of unforgettable venues and experiences. Visit the many spectacular attractions that Toronto is home to, including the CN Tower, Royal Ontario Museum, Ripley's Aquarium, Kensington Market, Scotiabank Arena, Black Creek Pioneer Village, Art Gallery of Ontario, Toronto Zoo, St. Lawrence Market, and the Distillery District.

Toronto is also one of the most multicultural cities in the world; our active ethnic neighbourhoods include Chinatown, Little Italy, Little Portugal, Greektown, Little India, and many others.

With access to extensive career networks, highly skilled and multilingual workforces, and thriving cultural communities, Toronto is a wonderful place to realize your career and personal dreams.

Future in Focus

Become a U of GH student and receive valuable support and guidance to help you achieve your career and further education goals. Throughout the course of your studies, you'll engage in workplace experience related to your program and have the opportunity to become involved in research activities. We also help prepare you to pursue post-graduate studies or employment in Canada upon your graduation.

Workplace experience

Every honours bachelor's degree has required work experience hours. You'll be supported by your field placement coordinator to help with your success. This ensures you will graduate with workplace experience that will guide your career decisions.

Undergraduate research opportunities

If research interests you, get to know the many research opportunities inside and outside of class. Conduct research as a research assistant with instructors, funded by the university's Research Grant Fund.

- Apply classroom knowledge
- Develop skills in conducting lab research and collecting data
- Contribute to research publications

Graduate and professional schools

Upon completion of your program, you'll be prepared to submit applications to graduate or professional studies if you wish to further your university education in programs such as master's degrees, PhDs, law school, or medical school.

Post-graduation Work Permit (PGWP)

Canada's national post-graduation employment program is designed to provide graduating students with Canadian work experience. International students who graduate from the University of Guelph-Humber are eligible to apply for a Post-graduation Work Permit.

Honours Bachelor of Business Administration + Diploma in Business Administration

In 2026, U of GH was proud to host the **NIBS case competition** with 16 international universities participating.

Lead with purpose.

Choose a program that keeps your options open and evolves with you, giving you the flexibility to explore careers across public, private, and non-profit sectors. You graduate confident and prepared with the knowledge and professional skills needed to excel in today's competitive job market and to pursue professional or graduate programs.

Specializations

You may choose to focus on one of seven specializations:

- Accounting
- Finance
- Human Resources
- International Business
- Marketing
- Project Management
- Supply Chain Management

Real-world experience

Co-op

Gain paid work experience, build professional networks, and develop essential interpersonal skills. Our co-op program supports you, from preparing your application to securing relevant placements. You apply for co-op in your first year.

Built-in work experience

Complete 100 to 520 hours of work placement (as an alternative to co-op).

Centre for Entrepreneurship

Use mentorship, workshops, and funding to develop your business startup and move your ideas forward.

Case Academy

Build your presentation, teamwork, and problem-solving skills. You may choose to put them to the test by competing against students from other universities.

Collaborative Online International Learning (COIL)

Participate in projects with students from universities around the world to address emerging issues.

Honours Bachelor of Business Administration + Diploma in General Arts & Science

30
students in
first-year
cohort

**Business is how we organize what matters.
Liberal studies is how we ask what matters,
and to whom.**

Business & Liberal Studies gives you the opportunity to explore the questions, issues, and ideas that shape our world. If you're interested in business but also drawn to politics, culture, global affairs, or sustainability, this program was designed for you.

You'll earn the same business degree as your peers, grounded in finance, accounting, marketing, strategy, leadership, statistics, business law, and ethics. From your first year, you'll study these topics alongside cultural analysis, ethical communication, and systems thinking, building the perspective and adaptability organizations increasingly need.

Explore your direction

Choose at least one course from each area of study:

- **Cultures, Identities, & Expressions**

Study how cultures are created, expressed, and understood.

- **Global Society & Leadership**

Explore how political and psychological systems shape opportunity, and how leadership, equity, and public life intersect locally and globally.

- **Futures, Technologies, & Sustainability**

Consider how emerging technologies, environmental change, and social innovation are transforming the world.

Real-world experience

Built-in work experience

You will complete 100 hours of work placement to gain valuable hands-on experience.

Research

Over four years, you'll take on big questions in collaborative Liberal Studies Studios and a final-year Capstone Seminar, designing your own research project, presenting it at a public showcase, and graduating with a portfolio and a perspective you can defend.

Where this degree can take you

Honours Bachelor of Applied Science in Early Childhood Studies + Diploma in Early Childhood Education

up
to **750**
hours of
work
experience

**Inclusive and
interactive
classroom
with integrated
technology**

Be the start of something big.

Step into a degree that prepares you to make a meaningful impact on the early development of children. You learn from diverse perspectives and shared experiences in a supportive community of professors to build the skills to support children and families.

Turn your passion for impacting the lives of children and families into a career that you love, with opportunities in therapy, education, mental health, advocacy, early learning and care, law, and research.

Specializations

You may choose one of three specializations based on your interests and career goals:

- Children's Futures (first in the world to offer this specialty)
- Infant & Child Mental Health
- Pathway to Child Life

Real-world experience

Built-in work experience

Complete a variety of work placements in your second, third, and fourth years to earn up to 750 hours of workplace experience.

Interactive classroom

Experience how learning environments support inclusive spaces of belonging using our interactive classroom.

Technology

Learn how to integrate safe technology into play, its impacts on infant and child mental health, and how it's evolving.

Community-based learning

Visit the Ontario Superior Court of Justice to observe how child welfare cases are handled in practice; join a ceremony at the Wiigiwaam on campus to learn about Indigenous culture and history.

Research

Work on an individual research project that includes literature reviews, presentations, and seminars.

Voices of Connection certificate

Explore inclusion, belonging, and resilience through anti-oppressive, child-centred learning practices in a four-part monthly series.

Honours Bachelor of Applied Science in Justice Studies + Diploma in Community & Justice Services or Policing & Community Safety

200 to 620

hours of
guaranteed
work
experience

Award-winning
students in
international
moot court
competitions

Pursue impact through action.

Choose a degree that prepares you for careers in law, policing, public policy, corrections, victim supports, court services, and community safety while also opening pathways to emerging fields such as cyber security, intelligence analysis, anti-money laundering, and drone applications.

Through immersive, real-world learning built into your courses, you develop the judgment, confidence, and professional skills to apply what you know in practice. You graduate ready to move forward, whether into your career or graduate and professional programs.

Real-world experience

Built-in work experience

You will complete 200 hours of work placement (paid or unpaid). Once completed, you may choose an additional 420 hours of placement to earn more hands-on experience.

Courtroom Lab

Build advocacy skills, confidence, and knowledge of legal research, written briefs, oral arguments, and legal procedures through moots and mock trials in a simulated courtroom.

Partnerships

Unique external classroom opportunities provide foundational experiences, such as engaging law enforcement officials with City of Toronto Corporate Security and Peel Regional Police to mentor students in a female leadership initiative.

Crime Lab Studio

Develop investigation skills using real-world procedures.

Research

Take a research-focused course or focus on research in other applications. In spring 2026, students presented the research they conducted for the Toronto Police Community Safety Hub to Toronto City Councillors.

Where this degree can take you

Honours Bachelor of Applied Science in Kinesiology + Diploma in Fitness & Health Promotion

1,000+

hours of
applied
learning

<25

students
per lab

18

core courses
with labs

Move human potential forward.

Your kinesiology degree opens pathways to careers in healthcare, rehabilitation, athletic therapy, ergonomics, wellness, sport, research, and strength conditioning. Through hands-on learning from day one, you apply what you learn in labs, placements, and research throughout your degree, guided by instructors who bring current research and clinical expertise into your learning.

You graduate with practical experience, research experience, technical expertise, and skills to move into your career or pursue graduate, medical, and professional degrees.

Real-world experience

Built-in work experience

You are required to complete 88 hours of work placement in your third year. Choose an additional 154-hour placement in year four.

Research

Work one-on-one with an advisor to complete a primary research project or a literature review.

Anatomy

Gain hands-on experience in a human cadaver lab in your first year, an exceptional and foundational undergraduate experience.

Conferences

Present your research work at conferences to build confidence and professional experience.

Technology

Use advanced lab equipment, including a Bod Pod, metabolic carts, motion capture systems, and a life-sized virtual dissection tool and advanced medical imaging platform to put theory into practice.

Where this degree can take you

Careers & professional designations

- Registered Kinesiologist
- Clinical Exercise Physiologist
- Rehabilitation Therapist
- Occupational Health & Wellness Advisor
- Researcher
- Fitness Consultant
- Ergonomic Specialist
- Certified Strength & Conditioning Specialist
- Certified Personal Trainer
- Certified Pedorthist
- Certified Athletic Therapist

Honours Bachelor of Applied Arts in Media & Communication Studies + Diploma in Media Communications

240
hours of
work
experience

**Award-winning
students in
international
competitions**

**Be the force behind the messages that inform,
engage, and influence.**

Build expertise in content creation and strategy, and step into a field that shapes how ideas, stories, and brands connect with people. You will learn to work across disciplines and bring together creative, strategic, and digital skills to find your voice, your direction, and your place in a constantly evolving media landscape.

From here, you can move across industries — from media and marketing to public relations, business and the non-profit sector — or continue your studies in graduate and professional programs.

Specializations

You may choose to focus on one of three specializations:

- Digital Marketing & Social Media
- Media Business & Management
- Visual Communication

Real-world experience

Built-in work experience

You are required to complete 240 hours of work placement.

Client-based projects

Work with organizations and community partners to pitch ideas, solve problems, and produce content.

Research

Complete and present an undergraduate thesis to apply research principles, build your presentation skills, and prepare for graduate studies.

Collaborative Online International Learning (COIL)

You can participate in projects with students from universities around the world to address emerging issues.

Specialized studios

On-campus studios provide hands-on experience, e.g., audio production and podcasting suites, a multicamera production studio (livestream/broadcast), visual communications studio, and Mac/PC, XR, and editing suites.

Where this degree can take you

Careers

- Content Creator
- Creator & Influencer Partnerships Manager
- Marketing & Communications Manager
- Communications Consultant
- Social Media Analyst
- Brand Specialist
- Crisis Communications Manager
- Campaign Strategist
- Account Director
- Market Researcher
- Videographer
- Photographer
- Graphic Designer
- Communications & External Relations Director

- Master of Arts in Media Production
- Master of Business Administration
- Master of International Communication
- Master of Arts in Communications
- Master of Marketing
- Master of Digital Media

Please visit guelphhumber.ca for more career and further study options.

A group of four diverse students (three women and one man) are gathered around a large, realistic model of a human brain. They are all smiling and looking at the brain with interest. The background is a bright, modern interior space.

Honours Bachelor of Applied Science in Psychology + Diploma in General Arts & Science

100
hours of
work
experience

2
courses in
psychotherapy

Help make humanity better.

Go beyond lectures and apply psychology in real-world contexts throughout your degree. You will learn from instructors who actively work with clients to bring current practice into your courses. Student-faculty relationships are genuine and reflect the passion of instructors as teachers and mentors.

By combining science, empathy, and critical thinking, you develop skills to confidently pursue diverse career paths or graduate studies and make a lasting impact.

Specializations

You may choose to focus on one of three specializations:

- Psychology of Business
- Psychological Data Analytics
- Sports Psychology

Real-world experience

Built-in work experience

You are required to complete a minimum of 100 hours of work placement.

Research

In thesis courses, you work one-on-one with a thesis advisor to complete primary research.

Field trips

Instructors will take you beyond the classroom and connect lectures to real life examples, such as engaging with Elders and Knowledge Keepers and learning about Indigenous knowledge and sacred places.

Speaker series and conference

Develop public speaking and presentation skills when you showcase research from your thesis, funded grant work, independent study, and/or Collaborative Online International Learning (COIL).

Technology

In the Psychophysiological Association, you will explore technologies such as EEG and skin response readers, which detect small electrical signals in the body and help show connections between the brain, body, and behaviour.

Where this degree can take you

Honours Bachelor of Applied Science in Social Services & Well-Being Studies + Social Service Worker diploma

Mental Health First Aid Certification

Specializations

You may choose to focus on one of two specializations:

- Mental Health Practice
- Youth & Families

Be a change-maker.

Shape a future in which your work makes a real difference. At U of GH we take a holistic approach to social services and well-being.

Led by instructors who are experienced practitioners, you'll learn counselling, crisis intervention, and group facilitation to support people in complex situations. You develop the skills to support individuals and strengthen communities, and professional, transferable skills that open doors to a wide range of careers, from direct practice and community work to policy and research, to graduate studies.

With personalized support for placements, career planning, and graduate pathways, you don't just prepare, you gain the experience and direction to step into social services. If you're driven to make an impact, you'll find your place here.

Real-world experience

Built-in work experience

You are required to complete 750 hours of work experience through two year-long placements.

Research

Complete a thesis project where you lead data collection and writing, supported by your instructor and peers, to build advanced skills that make you highly competitive for graduate school.

Simulated learning lab

Work with trained actors in simulated client scenarios to build interview, counselling, and advocacy skills.

Professional Practice Skills Certificate

Develop impactful professional skills with up to 50 hours of hands-on training.

Mental Health First Aid certification

Develop practical skills to support individuals in crisis through Mental Health First Aid certification issued by the Mental Health Commission of Canada.

Where this degree can take you

Careers

- Crisis Counsellor
- Professional Mediator
- Mental Health Worker
- Intensive Behaviour Therapist
- Addictions Coordinator
- Researcher

- Master of Arts in Public Policy & Administration
- Bachelor/Master of Education
- PhD in Education & Social Justice
- Master of Arts in Critical Disability Studies
- Master of Psychotherapy
- Law School

Please visit guelphhumber.ca for more career and further study options.

I chose to study at the University of Guelph-Humber because the Kinesiology program incorporates multiple learning styles and applied techniques into four years, as well as workplace experience. My favourite thing about Toronto is the diversity. There is so much representation and support from every community, which allows for a greater understanding of the world."

Chrysanthé N., Kinesiology

I chose Guelph-Humber because I liked the idea of the dual-credential program, where one can get a degree as well as a diploma in just four years of study. My classes are very interactive, so I am easily able to connect with my peers and instructors. After graduation, I plan to pursue a career in investment banking."

**Nandini B.,
Business Administration**

More Opportunity

Expand your world of study.

Global learning

International field study courses combine in-class learning with a seven-to 10-day immersive experience abroad. Domestic field studies bring this same approach to communities across Canada. Program field weeks connect you with university partner institutions or industries, and short-term programs through Humber Global offer additional opportunities. You can also learn, alongside students from around the world through Collaborative Online International Learning (COIL), to build intercultural and digital collaboration skills without leaving campus.

Graduate pathways

Your future doesn't stop at graduation. Our program partnerships provide direct admission pathways to graduate study, including streamlined admissions, tuition benefits, and clear next steps toward advanced degrees.

- Master of Business Administration, University of Guelph
- Master of Arts in Mental Health, University of Guelph
- Doctor of Chiropractic, Northeast College of Health Sciences
- LLB, City St. George's, University of London
- Master of Science, Manchester Metropolitan University
- Master of Professional Education, University of Western Ontario

Learn more about your options at guelphhumber.ca.

Admission Requirements

Secondary School Applicants

To be considered for admission, you must fulfil the following three criteria:

- 1. Program-specific subject requirements at the senior level:

Program/Degree	Required subjects
BBA	• English • Math*
BASc in Early Childhood Studies	• English
BASc in Justice Studies	• English
BASc in Kinesiology	• Biology • English • Math*
BAA in Media & Communication Studies	• English
BASc in Psychology	• English
BASc in Social Services & Well-Being Studies	• English

*If you do not have senior level math, conditional offers can be made based on enrolment in one of the following Ontario grade 12 math courses: MDM4U, MHF4U or MCV4U at ontariovirtualschool.ca.

- 2. We begin to consider applicants with a minimum score of 70% inclusive for program-specific subject requirements. Details can be found at guelphhumber.ca/international-credentials.

- 3. English proficiency (if required)

Possession of the minimum requirements does not guarantee admission.

For all international admission details, visit guelphhumber.ca.

International Credentials

We welcome applicants from a variety of school systems in addition to those listed below. A complete list of requirements is available at guelphhumber.ca/international-credentials.

American Curriculum

You will be considered based on an unweighted cumulative GPA from a regionally accredited high school.

- A minimum 2.7 unweighted cumulative GPA and meet the subject requirements
- Advanced Placement (AP) courses will be considered and exam results of 4 or higher may qualify for transfer credit
- SAT or ACT optional

British Patterned Education (GCE)

- Minimum of two Advanced Level passes and three GCSE or IGCSE (Ordinary Level) passes
- Two Advanced Subsidiary (AS) Level courses may be substituted for one Advanced Level course
- Minimum “B/C” or 6 grade on GCSE/IGCSE, AS and predicted Advanced Level examinations with a minimum of five unique subject areas

Caribbean

- Complete the Caribbean Advanced Proficiency Examination (CAPE) Diploma with a minimum of 2 two-unit courses at the CAPE level
- CAPE courses must be completed with a minimum score of 3
- Other subjects must be presented at the CSEC (CXC) level

International Baccalaureate (IB)

- IB Diploma Program with three Higher Level (HL) and three Standard Level (SL) courses with a minimum overall score of 24. Reported bonus points will be taken into consideration.
- We will consider IB certificate program and career program students on a case-by-case basis
- Any Higher or Standard Level mathematics course is an acceptable prerequisite for programs that require math

Central Board of Secondary Education (CBSE)

- Class 12 Boards Exam Certificate with predicted scores at a minimum of 70%
- Early admission decisions can be made based on verified 10th Standard Board results accompanied by predicted Class 12 grades listed by subject from the school
- If applying to a program that requires math and you do not have 12th Standard Math, conditional offers can be made based on enrolment in one of the following Ontario math courses: MDM4U, MHF4U or MCV4U at ontariovirtualschool.ca

How to Apply

Apply online

Applications open in September. Choose one of three methods to submit your application. Document and evaluation fees apply.

Apply to multiple universities through the Ontario Universities' Application Centre (OUAC)

ouac.on.ca

– OR –

Apply to just the University of Guelph-Humber and/or University of Guelph

ouac.on.ca/apply/guelphint/en_CA/user/login

– OR –

The Common Application

commonapp.org

Application and document deadline:

May 1, 2027

1

Upload documents

After applying, you will receive login information and instructions to upload documents to your Admission Portal. Submit the appropriate transcripts and other required documentation as listed in your portal checklist.

Submit English proficiency test scores as required. IELTS scores may be scanned and verified on site. All other test scores must be sent officially.

Monitor your email and Admission Portal for application updates and next steps.

2

3

Accept your Offer of Admission

Offers of Admission start being sent in October and are made on a rolling basis. Your offer can be found in the U of GH Admission Portal and will include a scholarship offer, Visa information documents, and the conditions of your admission, when applicable. You can accept your offer in your Admission Portal.

Study Permit processing timelines fluctuate. We encourage students to apply early to ensure they are ready to begin their studies.

4

Apply for your PAL & Study Permit

As an international student, you may need a Provincial Attestation Letter (PAL) and a Canadian Study Permit. After accepting your offer of admission you will begin your next steps to receive your PAL and Study Permit with the support of U of G's Global Pre-Arrival Support Advisors (GPS). The University of Guelph-Humber is an accredited university, Designated Learning Institution (DLI) number, O19305391192.

Need help? Connect with us.

Book an appointment to speak with us.

– OR –

Email international@guelphhumber.ca.

Immigration Support & Study Permits

As a University of Guelph-Humber applicant, you have access to immigration and study permit support through the University of Guelph's pre-arrival support advisors. Your advisor is a great resource to ensure you have your required permits and are on track to begin your studies in the fall.

Most international students are required to have a valid Study Permit while studying in Canada. Most students will need a Provincial Attestation Letter (PAL), unless exempt, to apply for a Study Permit. The University of Guelph-Humber issues Provincial Attestation Letters (PAL) under the following DLI number: O19305391192. Your PAL will be available to you after accepting your Offer of Admission. You may begin your Study Permit application process once you have received your PAL.

For information and processing times, please visit the Government of Canada's Immigration, Refugees and Citizenship Canada (IRCC) website: canada.ca/en/services/immigration-citizenship.html.

Post-graduation Work Permit

International students who graduate from U of GH may be eligible to apply for a Post-graduation Work Permit. For up-to-date information, please visit canada.ca/en/immigration-refugees-citizenship/services/study-canada/work/after-graduation/about.html.

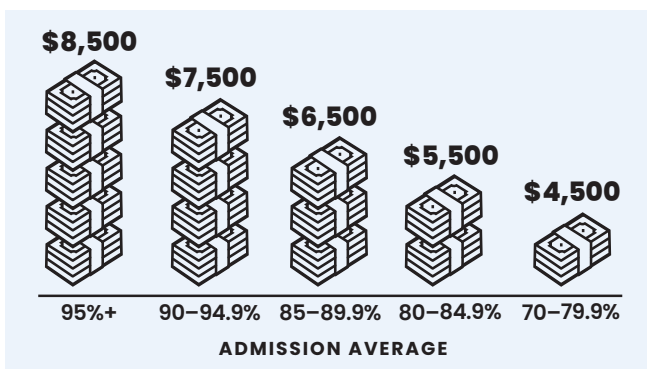

International Entrance Scholarships

Earn up to **\$38,500** in entrance scholarships as a new first-year international student at U of GH. All high school level applicants are automatically considered for the awards below.

International Student Entrance Scholarship

Up to \$20,500 CAD

At the point of admission, your first-year scholarship amount is guaranteed (if offer conditions are met) and will be assessed for an increased value based on final grades.

Renewal (Years 2, 3 & 4)

- Receive an award of **\$4,000 CAD** when your previous year's average (before year of renewal) is 80% or above and you have a full-time course load
- Automatically considered each renewal year

Vice-Provost International Student Entrance Scholarship

Up to \$16,000 CAD

Receive \$4,000 each year (up to 4 years).
Renewal based on 80% average.

International Tuition Scholarship

\$2,000 CAD

You must accept your Offer of Admission by May 1, 2027. And if you are outside Canada, you must request your PAL by May 15, 2027.

All scholarship awards are applied toward your tuition.

Admission averages are calculated by admission services based on the Ontario curriculum grading scale, or equivalent.

Please refer to **guelphhumber.ca** for full terms, renewal criteria, and conditions of all scholarships.

International Tuition, Fees & Expenses

Tuition & student fees (mandatory)

Item	Estimated cost for 2 semesters
Tuition for BBA	\$40,315
Tuition for all other programs	\$35,083
Student fees + health insurance	\$2,065

Your tuition deposit will be due **June 15, 2027**.

Residence costs

Single-style room	Dining plan	Total year
\$8,235	\$2,850	\$11,085
	\$3,400	\$11,635
	\$4,000	\$12,235
	\$4,600	\$12,835

Estimated tuition, fees, residence and dining plan costs for one academic year/two semesters: **\$48,233 to \$55,215.**

Note: Dining plans are mandatory for students in residence.

All amounts listed are in Canadian dollars (CAD). Tuition costs are for 2027–2028. All other costs are 2026–2027 estimates and are subject to change. Other fees/costs may apply.

Visit **guelphhumber.ca** for more cost-based information.

Housing

Build a community on campus that opens a world of possibilities. International students are guaranteed on-campus housing for your first year of studies.

Benefits of residence

- As a student living for the first time in on-campus housing, you will have a single room
- Your room is a two-minute walk from the University
- Two shared kitchens can be used for cooking at home
- Dining hall
- Free laundry
- Many social events
- Free Wi-Fi
- 24-hour front desk and security
- Study rooms

Apply

To apply for residence, you must have an offer of admission. Applications for residence open online in early February. Please visit our Residence web page for full details.

Deadline to apply: **June 1, 2027**

Off-campus housing

If you are looking for a place to live off campus, check out humber.ca/housing/living-off-campus.

Student Academic & Transition Support

Pre-arrival support

- Dedicated staff at our partner institution, the University of Guelph, support new students at the point of offer through to arrival
- Initial Visa application support
- Temporary Resident Visa/Electronic Travel Authorization

First-year students' programs and events

We want you to make the most of your university experience by participating in programs designed for you to meet people and get acquainted with the University. Opportunities include:

- First Year Experience (FYE) Program
- Transitions to Success
- Orientation

Your university network

From the moment you arrive on campus, the U of GH team is here to support you in your academic and personal journey. Our dedicated team of academic, financial, student wellness, and career advisors are here to guide you inside and outside the classroom. Engage in the community through a variety of clubs, societies, athletics, and more to build leadership skills and a home away from home. We strive to create the safest campus experience in Canada by providing security services and programs so you can focus on success.

Located an hour outside Toronto, in one of Canada's safest cities, you'll find a picturesque campus where learning and discovery thrive.

As our partner institution, the University of Guelph offers 75+ undergraduate majors across diverse areas of study, including:

- Agriculture, Food & Environment
- Animals & Veterinary Medicine
- Arts & Culture
- Business & Economics
- Chemistry, Physics & Math
- Computing & Artificial Intelligence
- Engineering
- Human Health
- Social Sciences & Society

Discover how the University of Guelph's hands-on, collaborative programs and exceptional student experience prepare you for success in Canada at admission.uoguelph.ca/international.
