

AT-A-GLANCE

2024/2025

The University of Guelph-Humber (U of GH) is a uniquely transformative experience for students.

For over 20 years, students have studied in programs that blend the academic rigor of the discipline with immersive, hands-on experiences. This integrated approach encourages students to engage deeply within their disciplines, applying theoretical knowledge to real-world contexts where they develop a nuanced understanding of complex issues.

Whether students aspire to start their careers or continue to graduate or professional studies, they have been supported by a dynamic network of educators, staff, and peers who are deeply invested in their success. Through close collaboration with instructors, experience with industry, and opportunities for research and applied learning, students graduate with the confidence, competence, and curiosity to excel.

This commitment to both intellectual and experiential growth defines the University of Guelph-Humber's distinctive academic model.

- » Business Administration
- » Community Social Services
- » Early Childhood Studies
- » Justice Studies
- » Kinesiology
- » Media and Communication Studies
- » Psychology

“The built-in practical nature of our courses produces graduates that are not only knowledgeable but also confident in applying their knowledge in real-world situations. This is what makes our graduates so employable immediately after graduation.

Dr. Leslie Auger
Chair, Kinesiology

LEARNING ENVIRONMENT

46 
average class size

More opportunities to build stronger connections with peers, instructors and staff

up to **800***
hours of work experience 

Learning in a setting tailored to students' goals

* varies by program

4,608
combined hours of academic advisor appointments in 2024/2025

GLOBAL LEARNING OPPORTUNITIES

82
students participated in a total of 9 Study Abroad courses

Destinations included Austria, Bali, England, France, Greece, Ireland, the Netherlands, Scotland, Singapore and New Zealand

59 
Full-time and exchange students enrolled from international origins

14 international university partnerships which include visiting professors, inbound and outbound exchange students and staff mobility opportunities
