

Early Childhood Studies

Transfer Part-Time Online

(6 semesters)

program information & planning sheet

Important Information 2026-2027

What courses do I need to complete in order to graduate?

Students typically receive 10.0 transfer credits when entering the ECS program as an ECE transfer student. The remaining 10.0 credits of the degree are outlined on the second page of this document. Student must complete **8.0 core credits**, **1.5 ECS restricted elective** and **0.5 general elective credit** to be eligible to graduate.

If you have received **more than 10.0 credits**, you are encouraged to consult with your Academic Advisor regarding your remaining requirements in this program. Please refer to your **Transfer Credit Assessment** to confirm the credits from which you are exempt.

It is important to keep in mind that some Bachelor of Education and other postgraduate programs may require the completion of at least 10.0 undergraduate degree-level credits (not including college diploma transfer credits) for the purpose of admission. If you have been admitted into this program with more than 10.0 credits, you may be required to complete additional courses to satisfy admissions requirements for some postgraduate programs.

How do I complete one of the specialization options? Is it required?

Students can choose to complete one of **three optional specializations**. Completing a specialization is **not required**. The specialization is earned upon completion of all courses in the program. To complete a specialization, three restricted elective courses need to be taken in a particular area:

Children's Futures (CF)	Infant & Child Mental Health (MH)	Pathway to Child Life (CL)
ECS*3150 - Ethics & Privacy with Children	ECS*3190 - Developmental Neuroscience	ECS*2030 - Development in Adolescence
ECS*3160 - Technology & Innovation	ECS*3230 - Social Epigenetics	ECS*3120 - Introduction to Child Life
ECS*3170 - Designing for the Future	ECS*3300 - Grief & Loss	ECS*3300 - Grief & Loss

If students do not want to complete a specialization, the three courses can be taken across different specializations. Students pursuing a specialization in one of these areas must complete and submit an **Area of Emphasis Declaration Form** online. Specialization course options are scheduled by semester in the Program Plan below.

May I take an ECS course as an elective?

No. Electives are designed to give students breadth and depth in their studies.

May I take some of my courses on campus rather than online?

Potentially. You **can request** to take a course via a different delivery method. See your Academic Advisor for more information and assistance with planning and sequencing your courses.

Am I required to complete a field practicum?

No. ECS transfer students are **granted transfer credit** for all field placement courses in the program.

Where can I go for more information?

Visit your Academic Advisor, **Alyson Green (A-Z)** in GH108 during office hours. Call 416.798.1331 x6288 to speak with the front desk, or email your questions to advisors@guelphhumber.ca. You can also use our online booking system at: <https://www.guelphhumber.ca/advising/advisors>

For more support, visit the **Learning Support Peers (LSPs)** in the Learning Commons or email them at lsp@guelphhumber.ca.

Visit our **Frequently Asked Questions** webpage for more information on Course Selection and Enrollment, Degree Requirements, Academic Consideration/Accommodations, Academic Standing, and Academic Resources.
