### Media and Communication Studies

# program information & planning sheet

UNIVERSITY OF

UELPH

HUMBER

#### What courses do I need to complete in order to graduate?

You must complete 20 credits (40 courses), including the following:

<sup>a</sup> 12.5 credits / 25 Core Courses <sup>a</sup> 6.0 credits / 12 Specialization Courses <sup>a</sup> 1.5 credits / 3 General Electives

Most courses in the Media Studies program has a credit value of 0.5, unless otherwise noted.

#### What is the **Thesis** option?

Students can choose to complete a Thesis. This is a good option for students who wish to apply to graduate programs or wish to gain experience conducting research. Students wishing to take MDST\*4410 Thesis I must meet the following prerequisites: 14.0 CR., 75% cumulative average, MDST\*3190 and receive Program Head approval. Students wishing to take MDST\*4520 Thesis II must meet the following prerequisite: MDST\*4410 and receive Program Head approval. Students are to submit an Undergraduate Course Request Form to their Academic Advisor to request permission to take the Thesis course (www.guelphhumber.ca/advising/forms).

#### Media Practices (MDST\*4000 and MDST\*4520)

In Media Practices most students work in a group of three or four peers to a) identify and approach an external client b) work with that client to understand a specific communications or content challenge and c) create, develop and present a professional campaign or content package aimed at meeting that challenge. These projects vary a little depending on whether you are a VC, DMSM or PR student. If you are a Media Management & Analytics student, instead of working with a client, you - again, in a group - will conduct a deep analysis of a campaign or strategy by a major corporation. The Media Practices capstone has given many graduating MCS students a launching pad into their careers, with real-world experience consulting with a client and a professional final project that is a great addition to their portfolio and resume.

#### Is there a workplace experience integrated in the Media and Communication Studies Program?

Yes. With the successful completion of 14.0 credits, you will be eligible to register for the internship course and complete a 240-hour workplace internship, learning side-by-side with industry experts. Students are encouraged to choose an internship that is closely related to their career goals. Throughout the internship, students are also required to complete online course assignments and projects.

#### Where can I go for more information?
