program information & planning sheet

UNIVERSITY OF
GUELPH
HUMBER

What courses do I need **to complete** in order **to graduate**?

You must complete 20 credits, including the following:

▪ **17.5 credits** / 35 Core Courses (including 1.5 specialization credits) ▪ **2.5 credits** / 5 General Electives

What is the **Thesis Stream** option?

Students can choose to complete a Thesis. This is a good option for students who wish to apply to **graduate programs** or wish to **gain experience conducting research**. In Semester 5, students would take a second statistics course (PSYC*3120 Quantification in Psychology II) in preparation for the **PSYC*4210 Thesis I** and **PSYC*4220 Thesis II**. If students opt to not take this stream, they would complete an Honours Seminar in Psychology instead (PSYC*4200). Students wishing to take Thesis I must meet the following prerequisites: 80% cumulative average, PSYC*3120 (75% min), PSYC*1110, PSYC*1120, PSYC*3130. Chair Consent is also required. The **Thesis Application Form** will be emailed from your Academic Advisor in late spring prior to 4th year.

How do I complete one of the **specialization options**? Is it required?

Students can choose to complete one of **three optional specializations**. Completing a specialization is **not required**, but you must take three specialization courses as outlined in the plan on the next pages. The specialization is earned upon completion of all courses required in the program. In order to complete one of the specialization, three courses need to be taken in a particular area:

Psychology of Business	Psychological Data Analytics	Sports Psychology
AHSS*2310 - Leadership & Motivation	PSYC*3120 - Quantification in Psychology II	PSYC*2180 - Psychology of Exercise
BADM*1040 - Marketing		
BADM*2030 - Advertising in Business	PSYC*3190 - Case Studies & Qualitative Methods	PSYC*3200 - Psychology of Group Dynamics
PSYC*3200 - Psychology of Group Dynamics		
PSYC*3610 - Organizational Psychology	PSYC*3230 - Research Communication & Proposal Writing	PSYC*3530 - Health Psychology

If students do not want to earn a specialization, the three courses can be taken from any category above. Students pursuing a specialization in one of these areas must complete an **Area of Emphasis Declaration Form** online. Specialization course options are scheduled by semester in the Program Plan below.

Can I receive **more than one certificate**?

No. Students can earn up to one certificate.

I am a **Transfer Student**. How do I know which courses I can select?

Transfer students should use this document in conjunction with their **Official Transfer Credit Assessment** to determine which courses they have been granted, and which courses they need to take. Transfer students should meet with their Academic Advisor to discuss the schedule they have developed in advance of the course selection dates.

Where can I go for **more information**?

Visit your Academic Advisor, **Jenni Mastroianni (A-K)** or **Nasreene Corpuz Kasznia (L-Z)** in GH108 during office hours.
