Important Information 2027–2028

TRANSFER
ON-CAMPUS
FULL-TIME

What courses do I need to complete in order to graduate?

Students typically receive 10.0 transfer credits when entering the SSWS program as a SSWS transfer student. The remaining 10.0 credits of the degree are outlined on the last pages of this document. Students must complete 9.5 core credits and 0.5 general elective credit in order to be eligible to graduate. Refer to your Transfer Credit Assessment to confirm the credits from which you are exempt.

May I take a SSWS course as an elective?

No. Electives are designed to give students breadth and depth in their studies.

Am I required to complete a field placement?

No. SSWS students are granted transfer credit for all field placement courses in the program.

May I declare a specialization?

Transfer students admitted under an articulation agreement (block credit) are not eligible for a specialization.
