

00:00:04,160 --> 00:00:10,720

Hi there and welcome to the Standing Ovation program page my name is Adam Miller and I am

00:00:10,720 --> 00:00:15,760

the Assistant Program Head of the Media and Communication Studies program here at the

00:00:15,760 --> 00:00:21,680

University of Guelph-Humber. On behalf of our students and instructors I'd like to thank you

00:00:21,680 --> 00:00:27,840

for your continued partnership with our program. I've been a part of the Humber family in some form

00:00:27,840 --> 00:00:33,200

for more than 10 years now but my relationship with this program began roughly two years ago.

00:00:34,000 --> 00:00:39,840

Since then I've taught a number of courses ranging from Contemporary Narrative to the

00:00:39,840 --> 00:00:45,920

Fundamentals of Media Management but a big part of my job has been the internship course.

00:00:47,280 --> 00:00:52,080

Students are taking the internship course while they're also completing their placements on site

00:00:52,960 --> 00:01:00,000

and in addition to some reflection assignments ultimately the success of a student's internship

00:01:00,000 --> 00:01:05,680

really hinges on the evaluations they receive from their supervisors or the evaluations they

00:01:05,680 --> 00:01:12,720

receive from you. So having managed this course a number of times now I'm always appreciative

00:01:12,720 --> 00:01:19,680

of the at times incredibly detailed feedback that our students receive while out in the real world

00:01:19,680 --> 00:01:26,400

developing those applied skills that they need to succeed out of the workforce. In many respects

00:01:26,400 --> 00:01:32,160

the internship experience is one that our students spend between three and four academic years

00:01:32,160 --> 00:01:40,080

preparing for and with each offering of the course I am continually amazed by how patient supportive

00:01:40,640 --> 00:01:46,320

helpful and generally instrumental our partners have been throughout the entirety of this process.

00:01:47,600 --> 00:01:54,720

Many thanks for your continued support and ongoing dedication during what has been a challenging

00:01:54,720 --> 00:02:02,466

time for businesses across Canada and we look forward to another productive year ahead. Thanks.
