

## Frequently Asked Questions

### What is the role of an Academic Advisor?

[Academic Advisors](#) are the primary source of advising for students and should be your first contact to discuss any issues, questions, or concerns about your academic program. Each student has direct access to an Academic Advisor, who focuses on program-related issues and advice, and can assist you with degree program requirements and expectations. Your Academic Advisor can assist you in course sequencing, interpreting university policies and procedures, facilitating resolution of academic problems, conflicts and concerns, and referring you to additional resources on campus.

### How will my Academic Advisor communicate with me?

Throughout the year, important updates will be sent via your university email address. This is the primary means of communication for students and you should ensure to use this email account when communicating with any staff or instructors at the university. You should get in the habit of checking this email account frequently. It is suggested that you [change your password](#) to something that you will easily remember.

### What courses do I need to complete in order to graduate?

Students typically receive 10.0 transfer credits when entering the CSS program as an CSS transfer student. The remaining 10.0 credits of the degree are outlined on the last page of this document. Students must complete 9.5 core credits and 0.5 general elective credits in order to be eligible to graduate. Refer to your Transfer Credit Assessment to confirm the credits from which you are exempt.

### How do I register for my courses?

Course registration takes place a few months prior to the start of each new academic semester. A step-by-step guide to course registration (including video tutorials) can be found in the New Student Guide: [www.guelphhumber.ca/newstudents](http://www.guelphhumber.ca/newstudents). Remember to always use this [Program Plan](#), as well as the [Course Schedule](#) to determine which sections of courses you are allowed to register for.

### What electives should I take?

Choose your elective from the published [Electives Course Schedule](#) that interest you. Electives offered in the Fall may differ from electives offered in the Winter semester. Most students complete their electives online via Distance Education (DE). However, students also have the option of taking elective courses in-class on campus, or going on a [Study Abroad](#) trip during the summer semester. Please see your Academic Advisor for more information on these options. In addition to the general electives offered through the University of Guelph-Humber, there are also online general electives offered through the University of Guelph by [Letter of Permission](#). More information will be communicated about this via your university email over the summer months.

### May I take an CSS course as an elective?

No. Electives are designed to give students breadth and depth in their studies.

### Am I required to complete a field placement?

No. CSS students are granted transfer credit for all field placement courses in the program.

### What are my next steps as a new student?

Refer to the New Student Guide found at [www.guelphhumber.ca/newstudents](http://www.guelphhumber.ca/newstudents) to guide you through course registration (with video tutorials), fee payment, obtaining your student ID card, and much more!
