Frequently Asked Questions

What courses do I need to complete in order to graduate?

Students must complete 18.5 core credits and 1.5 general elective credits in order to be eligible to graduate.

What electives should I take?

Choose electives from the published Electives Course Schedule that interest you. Electives offered in the fall may differ from electives offered in the winter semester. An 'Electives' course schedule will be available before course selection. If you are interested in applying to graduate program(s) after graduation, you may wish to tailor your electives to meet the admission requirements of various programs.

May I take an FCSS course as an elective?

No. Electives are designed to give students breadth in their studies and provide an opportunity for FCSS students to take courses with other Guelph-Humber students. You must take courses from the Electives Course Schedule.

Am I required to take my electives at Guelph-Humber?

Letters of Permission may be available in order for you to take electives at another university. Please see your Academic Advisor.

I am a transfer student; how do I know which courses to select?

Transfer Students should use this document in conjunction with their Official Transfer Credit Assessment to determine which courses they have been granted, and which courses they need to take. Transfer students should meet with their Academic Advisor to confirm the schedule they have developed in advance of the course selection dates.

Are there Field Placements in the FCSS Program?

Yes. Starting in second year, students receive workplace experience through three progressive practicum placements in social service agencies across the GTA. Students will be considered "professionals in training" and performance expectations will increase according to the semester level. Throughout the placements students participate in classroom seminars to critically analyze and share their experiences.

Where can I go for more information?
