

## NEW THIS SEMESTER

Fall 2021

---

### NEW HyFlex Classrooms!

All GH classrooms are equipped for HyFlex teaching and learning as we have added a webcam and built-in mic at the podium. The classroom is set up to be an extension of how instructors taught remotely but now with a group of students attending in person and another still attending remotely. For ease of use, instructors are encouraged to use Zoom or Teams. Click [here](#) for a virtual walk through of the HyFlex classroom!

### NEW Faculty Intranet Interface!

We've updated our Faculty intranet to include even more resources to help streamline administrative tasks for UofGH instructors! In addition to forms, instructors will also get quick access to events, test/exam submission, announcements, teaching resources, and more. Visit the Faculty Intranet by visiting [My.Guelphhumber.ca](https://my.guelphhumber.ca) (<https://my.guelphhumber.ca>) to see all our new features!

### Fall 2021 Events!

We have some exciting professional development opportunities as part of our lined up of Fall 2021 Events. Engage with your colleagues and continue to be part of the UofGH community. Click [here](#) for a full list of events and check your email during the semester for the official invitations where you can RSVP!

### NEW Online Test/Exam Submission Portal!

Effective Fall 2021, there will be changes to how instructors submit tests/exams to Testing Services for students who have special accommodations and require the use of the Testing Services facilities. These changes will require instructors to submit tests/exams via the new Online Test/Exam Submission portal. For more information outlining the instructor and student responsibilities, please click [here](#):
