

Student Survey 2017-18

Thanks for completing this year's Student Survey. Here's what you told us about Library Services at the University of Guelph-Humber:

Thanks for your comments and great ideas!

We're listening..... and we want you to know...

01

There's no such thing as a bad question.

We've heard them all, and if we don't know the answer to yours, we'll figure it out together.

JUST ASK!

02

Put The "H" in UofGH

As University of Guelph-Humber students, you have access to Humber's facilities, including the Writing Centre. They're yours to use and right next door!

03

We've got EBSCO

It's the company that hosts databases like Business Source Complete, CINAHL, and Academic Search Premiere. You'll find the best EBSCO database for your class, and many more, on each of our program research guides.

04

Need to book group space?

You can book a practice presentation room right here at UofGH, reserve a multimedia group study room in the LRC, or use the study space in GH203. See the Library Services website under 'Study Spaces'.

30

COMING SOON: FOCUS GROUPS

We'll be looking for volunteers to discuss how we can continue to improve Library Services.
