

Today is Day 3 of Orientation Week! I'm Ariel, a First Year Experience Leader in the Kinesiology program.

Today's a busy day! Program sessions for Early Childhood Studies, Community Social Services, and Justice Studies are all happening today.

It's also the second day of the on-campus Orientation experience. Remember: you have to register to attend the in-person portion. While you're signing up for that, go ahead and register for all the other O Week activities!

Now, have you taken part in Student Life's social media contest yet? Scroll further down to our digital swag and get posting using the hashtag #GHOrientation!

That's all for today. Take care!
