College Block Credit Transfer Applicants

Our college block credit transfer pathways allow you to move seamlessly with your college diploma into our honours degree programs. Please view the chart on page 5 to determine which diplomas will reduce your time towards your degree!

Are you eligible for this pathway?
If you are in your final year of diploma completion or have a completed diploma and your diploma is listed in the chart on page 5, then you are eligible to receive a block of predetermined transfer credit. The diplomas listed in the chart have been determined to have academic alignment with a University of Guelph-Humber program and have met specific high school subject admission requirements. Diplomas must be granted by a recognized institution.

Transfer credit
Please refer to the chart (right). Note:

> Approximately 1 year of full-time study or 10 courses are equivalent to 5.0 credits
> Approximately 2 years of full-time study or 20 courses are equivalent to 10.0 credits

An official Transfer Credit Assessment will be included with your offer of admission.

Admission requirements
Applicants require a minimum cumulative average of 75% for admission consideration.

All programs have an estimated cut-off cumulative average of 75%. Exact cut-offs for the current cycle will be determined by the quantity and quality of applications received and the number of places available in the respective program. Admission to the University of Guelph-Humber can be competitive. Possession of a cumulative final average at or above the estimated cut-off does not guarantee an offer of admission.

Vulnerable Sector Screening
If your program has a placement component that begins in your first semester at the University, it is important to note that you may be required to complete a Vulnerable Sector Screening/Check before your placement begins. Please visit guelphhumber.ca/placements for additional details or speak with us.

Known as Adoobiiigok, the “Place of the Black Alders” in the Mississauga language, the region is uniquely situated along the Humber River Watershed, which historically provided an integral connection for Anishinaabe, Haudenosaunee, and Wendat peoples between the Ontario lakeshore and the Lake Simcoe/Georgian Bay regions. Now home to people of numerous nations, Adoobiiigok continues to provide a vital source of interconnection for all. We acknowledge and honour the land we are walking on, the moccasin tracks of our ancestors and the footprints of future generations.
