Land Acknowledgement

The University of Guelph-Humber and Humber College are located within the traditional and treaty lands of the Mississaugas of the Credit. Known as Aadoobiigok, the “Place of the Black Alders” in the Mississauga language, the region is uniquely situated along the Humber River Watershed, which historically provided an integral connection for Anishinaabe, Haudenosaunee, and Wendat peoples between the Ontario lakeshore and the Lake Simcoe/Georgian Bay regions. Now home to people of numerous nations, Aadoobiigok continues to provide a vital source of interconnection for all. We acknowledge and honour the land we are walking on, the moccasin tracks of our ancestors and the footprints of future generations.

Early Childhood Studies

more in **4**

Learn how to support children individually, as well as work with their families, schools and the community.

Earn 2 credentials in 4 years.

HONOURS BACHELOR OF APPLIED SCIENCE

DIPLOMA IN EARLY CHILDHOOD EDUCATION

LEARN TO APPLY INCLUSIVE PRACTICES TO MEET THE DIVERSE NEEDS OF CHILDREN, INCLUDING INFANT AND CHILD MENTAL HEALTH AND TRAUMA.

Focused academic program

Our program focuses on the physical, social, emotional and cognitive development of young children from birth to 12 years and their interaction with the world around them.

Your first year introduces you to the domains of childhood development and theories and foundations of early childhood. In your second year, you learn the basics of human anatomy and physiology; how to create curriculum; observation and research skills; dynamics of relationships; and how biases impact our interactions with children and families.

In your third and fourth years, you learn how to develop curriculum in educational and therapeutic settings. Curriculum includes children with special needs, infant and children's mental health, therapeutic play and interprofessional collaboration. You will learn to assess children's learning; support and educate children in a meaningful way; understand how to create interventions; and know how to work with children in a variety of settings.

You will take a journey of self-awareness, find your own voice and develop a comprehensive set of abilities to deal with diverse circumstances in an empathetic manner.

First-year courses

- > Children & Play
- > Early & Middle Childhood Development
- > Field Practicum 1
- > Foundations in Early Childhood
- > Health & Safety in Early Childhood Settings
- > Infant & Toddler Development
- > Introductory Psychology: Dynamics
- > Introductory Psychology: Principles
- > Principles of Sociology
- > University Writing Skills for Early Childhood Studies

Experiential learning

- > Complete **800 hours** of workplace experience
- > Job shadowing will help introduce you to early learning and care settings (Year 1, Winter)
- > Experience an early learning and care setting (Year 2, Winter)

- > Participate in a placement related to inclusion and special needs (Year 3, Fall)
- > Gain knowledge in community-based organizations (Year 3, Winter)
- > Select a year-long setting tailored to your career aspirations and knowledge base (Year 4, Fall/Winter)

Past practicum placements include:

- > Children's mental health centres
- > Community-based/advocacy organizations
- > EarlyON centres
- > Hospital child life units
- > Inclusive learning centres
- > Primary school classrooms
- > Therapeutic environments

Note: You will be required to complete a Vulnerable Sector Screening, documentation of immunization and a First Aid/CPR certificate prior to placement.

Opportunities

Learn through play

Borrow from our extensive collection of educational and therapeutic materials and toys in the Early Childhood Studies Resource Room to enhance your placements.

Engage in your learning environment

See first-hand how learning environments can support diversity and inclusion for children with a range of abilities when you use our interactive classroom. It facilitates and enriches learning with Smart Boards, whiteboard walls, specialized seating (pods) and desks, wiggle chairs and integrated technology.

Community outreach and leadership

Take the opportunity to volunteer to support important social causes or community projects with your peers. Students have served meals to families at Ronald McDonald House, raised funds for Holland Bloorview Kids Rehabilitation Hospital and participated in awareness campaigns for initiatives such as World Down Syndrome Day. In spring 2019, the ECS program launched the Bloom Gala to recognize professional excellence in the field of early childhood studies; nominations are student driven.

Throughout your four years, you will be exposed to the justice system: from the rules we follow to dealing with people and communities, to the hands-on processing of crime scenes and making arrests. Build key skills required in any area of justice such as critical thinking, research methods and how to write effectively.

In your first year, you will build a foundation in justice and related fields. In year two, you begin to take courses that touch on various services and how they are delivered, such as counselling, conflict resolution, forensics and policing.

In your second year, you decide which diploma to pursue, focusing in on one of these two areas:

Community and Justice Services

Focuses on social issues and explores the development of community programs, ways to work with both victims and offenders, and methods of crime prevention.

or

Police Foundations

Prepares you for a career in the various levels of law enforcement in the Canadian justice system.

Years three and four move on to advanced courses that immerse you in issues such as ethics; equality; rights and freedoms; youth and the law; and criminology.

- > Canada Border Services Agency
- > Elizabeth Fry Society
- > Law offices
- > Ministry of the Attorney General
- > Toronto Court Services
- > Toronto South Detention Centre
- > Various police services
- > Yonge Street Mission

Note: You may be required to complete a Vulnerable Sector Screening and/or Criminal Reference Check prior to placement.

Opportunities

Investigate crime

Evaluate staged crime scenes in our crime scene investigation (CSI) room. Use mock court to role-play a case. Learn investigative techniques and how to handle evidence. Join one of our CSI teams and compete in competitions abroad.

Observe social issues

In the Canadian Social Problems course, take part in a street walk with classmates and faculty in downtown Toronto to observe and research social issues, such as poverty and homelessness.

Practise leadership and excellence

Join the Criminal Justice Honour Society, Alpha Phi Sigma, that promotes academic excellence, community service, educational leadership and unity. Learn how the body works, how to make it work better, what causes health issues and how to prevent illness. Develop a strong scientific and theoretical background and apply this knowledge to healthy populations, elite athletes, individuals with chronic diseases and people with physical challenges. Confidently apply yourself in any environment, such as health promotion, fitness, rehabilitation, coaching and research.

In the first two years of the program, you learn the fundamentals of the human body. Learn anatomy in a human cadaver lab in your first year: a rare undergraduate experience. In the third and fourth years, your courses focus on performance and clinical applications of exercise and nutrition theory.

First-year courses

- > Biochemistry & Metabolism I
- > Cell Biology
- > Health Counselling & Behaviour Change
- > Human Anatomy I
- > Human Anatomy II
- > Human Physiology I
- > Introduction to Health & Wellness
- > Introductory Mathematics for Kinesiology
- > Practicum

Experiential learning

You can complete **87 to 241 placement hours** during your final two years. All students have an on- and off-campus placement in third year. On campus, you will work one-on-one with a client to help reach their fitness goals through a personal training placement. Off campus, you will be placed with an organization offering applied experience. In your fourth year, choose an off-campus placement with an independent research study or complete a thesis project in a lab setting.

Past placements include:

- > NeuroChangers Neurological Rehabilitation
- > Athletic and varsity programs
- > Cardiac rehabilitation facilities
- > Centre for Addiction and Mental Health
- > Corporate wellness departments
- > Multidisciplinary clinics
- > Princess Margaret Cancer Centre
- > SickKids Hospital
- > Peel District School Board
- > YMCA

Opportunities

Learn through labs

Labs extend your classroom content through applied techniques and hands-on lessons. They are integrated into every year of study and enhance your learning experience of anatomy, exercise prescription, biomechanics, fitness assessment and more.

Choose career-relevant practicums

You will take at least four practicum courses, focusing on current industry trends to gain hands-on experience in an area of interest. Courses include Functional Ability Evaluation; Athletic Bandaging and Taping Techniques; Martial Arts for Group Fitness Training; and Forensic Kinesiology.

Complete research

Our program offers unique, valuable research experience through placement hours for research-based work and literature review or thesis courses.

Professional accreditations

With your degree, you are eligible to pursue the following designations with several professional organizations such as Registered Kinesiologist with the College of Kinesiologists of Ontario; Certified Personal Trainer; Certified Exercise Physiologist; and Certified Strength and Conditioning Specialist.

FOR 6 YEARS, EMERGE STUDENTS HAVE WON A COLLEGIATE GOLD CROWN AWARD FROM THE COLUMBIA SCHOLASTIC PRESS ASSOCIATION!

Focused academic program

Keep pace with a rapidly changing industry. Start by learning how media has developed then look ahead to emerging trends. You will be introduced to various media and study the historical, social, cultural and ethical aspects of the industry. Following your second year, you will choose one of five specializations to direct your studies. However, you are not limited by your specialization. You can take courses from any of these areas as well.

Third- and fourth-year courses teach you about governance and policy and how to work in a team environment; for example, by producing a digital news site or television broadcast or promoting and managing a large event.

Specializations

Digital Communications: Create multiplatform content using web design, audio and videography.

Journalism: Explore print, broadcast and online journalism with a strong focus on writing, editing and pitching stories.

Media Business: Learn the business of managing media sales, marketing and advertising.

Public Relations: Learn corporate communications, media relations and event management using various tools, including traditional and social media.

Visual Communication: Learn the fundamentals of photography combined with elements of production, design and videography. Learn to create, manipulate and edit images, design concepts and video.

First-year courses

- > Communication, Technology & Culture
- > Communications Perspective
- > English I: Reading & Writing Effectively
- > Ethical Issues
- > Film Study
- > General Elective
- > Internet Survey & Research
- > Introduction to Journalism & Public Relations
- > Photography & Digital Imaging
- > Visual Communication & Design

Experiential learning

After third year, you will complete an internship of more than **200 hours**. International internships are another exciting course opportunity.

Internships have included:

- > Rogers Media: 680 News, *Today's Parent*, *Flare*
- > *The Walrus*
- > Bell Media: TSN, Marilyn Dennis Show, The Social
- > Corus Entertainment: ET Canada, Big Brother Canada, Global News

Opportunities

Tools of the trade

You have access to the latest industry technology, such as a virtual reality studio, multimedia production facility equipped with a soundstage, HD multi-camera setup and switcher and edit workstations. Full-frame photo cameras, 4K digital cinema cameras and professional studio lighting are available to sign out.

Individual thesis

Complete an undergraduate thesis in year four. Increase your knowledge and applied research skills in a specific area of media studies; learn research principles and project coordination; and build your presentation skills. You will conduct your own study, analyze the data and write a thesis paper.

Teamwork

In your fourth year, you work on Emerge, a groundbreaking media project that brings together all five specializations. In addition to creating a print and online magazine, students plan the final ceremony for a national media awards program and a variety of events, all of which are supported by multiplatform digital marketing campaigns.

As part of the optional field course, learn from Elders, community members and local mental healthcare service providers working among Indigenous communities in northern Ontario. Examine the successes, challenges, treatments and future of mental health in these communities and across Canada.

Networking

Take part in Common Time: weekly workshops, notable guest lecturers and special events that bring together fellow classmates and faculty in an academic and social atmosphere. Many activities are run by our student-led Psych Society.

Psi Chi Honour Society

Expand your professional and academic networks. Discuss news, research, challenges and other current topics in psychology with psychology professionals.

perspective

Travelling abroad changes your view about the world and yourself.

Study abroad

Through instructor-guided study tours, you experience concepts discussed in class. Because all study abroad courses are partially subsidized by the University, the opportunities are within reach.

You may also be eligible for a study abroad travel grant, ranging from \$1,500 to \$2,500.

Past highlights include:

- > Going to outdoor classrooms in Odense where children interact with nature: an example of Denmark's unique contribution to child development
- > Learning about a philosophy of well-being and global citizenship in Japan
- > Exploring the interplay between sport, health and culture in New Zealand's Australasian society
- > Understanding freedom of speech through the examples set in the Netherlands and Denmark

- > Heading to the Galápagos Islands and inland Ecuador to study "eco-psychology"—the attitudes, perceptions and behaviour of people toward the environment
- > Visiting areas of historical/cultural significance in Ireland to interact with academics, community groups, and agencies involved in governance, democracy, and human rights

Exchanges

Spend a semester overseas at a foreign university such as Hanze University of Applied Sciences, Netherlands; Soka University, Japan; or Ulster University, Northern Ireland. Experience a different culture, see the world and meet new people.

Our professors lecture at universities and conferences around the world. International professors may visit your class to share their academic expertise and culture with you. Guest lecturers have included Dr. Ester McGuinness from

“Study abroad was unforgettable! I was fortunate enough to travel to Thailand and Japan. Each trip had its own uniqueness that built my self-confidence and I learned new things about myself. I am using those experiences to inspire my future and create change.”

Public safety

Your safety is paramount. Campus Security patrols the campus 24 hours a day, 7 days a week.

The Campus Walk program provides a walking partner for anyone who wishes to be accompanied to their vehicle, residence or elsewhere on campus.

The Humber Guardian app provides quick access to campus safety and security resources and emergency contacts.

Campus Life

Build your skills and social circle by participating in activities on campus.

First-year students' programs and events

We want you to make the most of your university experience by participating in programs designed for you as a first-year student to meet people and get acquainted with the University.

First Year Experience (FYE) Program: Connect online with your FYE Leader throughout the summer to ease your transition to university. You meet other first-year students in your program, online and at Orientation. Mentoring and support from FYE Leaders continues through your first year.

Easy Start Transition Program: Provides new students with disabilities with resources and information to assist in transitioning to postsecondary studies. You can explore services, learn about accessing academic accommodations and meet returning students registered with Accessible Learning Services.

Kick Start: This one-day program-specific event in July helps you and your family prepare for university through information sessions and hands-on activities.

Orientation: Connect with other incoming students at this fun, students-only, official welcome to life at the University. We'll get you set for classes and show you how to get involved and be successful.

Clubs

Clubs are social, cultural or interest-based and can change year to year. Clubs are the best way to meet people who share your passions. If you don't find what you're looking for you can start your own! We've had clubs for games, pies, dancing, grilled cheese, music, sustainability, various cultures and more.

Societies

Societies are related to our seven academic programs and offer a realm of activities outside of class with a focus on your field of interest. They can help you develop leadership skills, gain professional experience and network.

- > Accounting Council
- > Advertising & Marketing Association
- > Alpha Phi Sigma

Student government

Interested in political life and advocating for your fellow students? Consider becoming active in student government, such as Ignite or the University of Guelph Senate.

Agora Fellowship

Be a part of The Agora Fellowship: a select group of students who discuss ideas and themes from renowned books in a regular forum led by Assistant Vice-Provost Dr. George Bragues. Build your extracurricular experience. Every year, the Fellowship takes a trip related to their current topics; destinations have included Boston, Montreal, New York and Washington.

Soka Education Research Initiative on Global Citizenship

Join a global, undergraduate research project—the first of its kind in the world—led by Family and Community Social Services Program Head, Dr. Paul Sherman. Explore how to nurture human potential and happiness for the greater benefit of humankind through the study of Soka (value creating) education and global citizenship. Travel as a Research Associate to present study results at professional symposiums.

Build a Co-Curricular Record (CCR)

Demonstrate to employers that you have hands-on experience and skills learned outside the classroom. Your CCR lists your participation in University clubs, societies, student government and other co-curricular activities.

Sports & Healthy Living

Whether you prefer working out solo, recreational play, competitive sports or watching from the sidelines, there's something for everyone's definition of being active.

Athletic Centre

As a University of Guelph-Humber student, you have access to the Athletic Centre on campus, which offers:

- > Aerobic studio

| Transfer (105 application) | You have attended a recognized university or college. | Refer to page 43 | Dates vary |

Applicant Types & Definitions

Select your applicant type based on your education (page 39). For each applicant type, admission requirements may vary.

Admission average: For high school applicants, your admission average is calculated using your top six 4U/M courses (or equivalent), including your subject requirements. This average is calculated using the most current grade data available to us through the admission process.

Admission average estimated cut-off range: Estimated cut-off ranges are based on the admission averages from previous years and are provided solely as a point of reference. Exact cut-offs for the current cycle will be determined by the quantity and quality of applications received and the number of places available in the respective program. Admission to the University of Guelph-Humber can be competitive. Possession of an admission average within the estimated cut-off range does not guarantee an offer of admission.

Admission (Offers) Timeline

| Date | Basis of Calculation |
|----------------------|---|
| January/ February | Top six completed 4U/M (or equivalent) courses, including subject requirements. Where six 4U/M courses are not available, completed 3U/M courses, including subject requirements, will be used. |
| March/ April | Top six completed 4U/M (or equivalent) courses, including subject requirements. Where not available, a combination of the top six completed or in-progress 4U/M and completed 3U/M courses, including subject requirements, will be used. |
| May | Top six completed or in-progress 4U/M (or equivalent) courses, including subject requirements, will be used. |

Some applicants may receive an offer in December. In most cases, early offers will be sent to applicants whose admission average far exceeds the estimated cut-offs. All applicants will receive an admission decision by May 27, 2020.

Repeated courses, summer school, night school and correspondence: The University will use the highest grade reported for grade 12 courses taken at a Ministry-approved school prior to June 2020, regardless of format.

Deferrals: Considered on a case-by-case basis for high school applicants. Please contact Admission Services.

English language requirements: You will be required to provide proof of English proficiency if English is not your first language and you have studied less than four years in an English language school (minimum high school level). Please refer to the chart (right) for acceptable tests and scores. Test results must be less than two years prior to your application.

| Test | Minimum Required Score |
|---|---|
| CAEL | Minimum overall band score of 70. |
| Cambridge English C1 Advanced and C2 Proficiency. | Minimum overall score of 176 with no band less than 169. |
| IELTS | Minimum overall score of 6.5 with no band less than 6. |
| MELAB | Minimum overall score of 85 including composition score of 83 and oral score of 3. |
| PTE | Minimum overall score of 60 with no score less than 60 in the individual components. |
| TOEFL | Internet-based: minimum total score of 89 with no individual scaled score less than 21. |

Institutional code is 0892.

Successful completion of the University of Guelph, Open Learning Advanced Level of the English Language Certificate Program (Levels 9 and 10) is considered an acceptable form of proving your English proficiency. Visit guelphhumber.ca/futurestudents/english-language-requirements for details.

Advanced Placement (AP)

Advanced Placement exam results of four or more may qualify for university credit to a maximum of 2.0 credits (four courses). Official transcripts are required.

International Baccalaureate (IB)

If you are applying with an IB diploma, you should present a minimum academic score of 24. Reported bonus points will be taken into consideration. You should complete the diploma with six subjects: three higher level and three standard level. You should also include the specific subject requirements for the program to which you are applying among your higher and standard levels. Please note that any Higher Level or Standard Level mathematics course is an acceptable prerequisite for programs that require math. You should ensure that your predicted scores are submitted using the seven-point scale. You are eligible to receive a maximum of 2.0 credits for grades of 5 or better on higher level courses.

Ontario high school applicants: Ontario high school students registered in an IB program will automatically have their IB courses converted into Ontario U- and M-level equivalents. IB scores will be converted into percentage grades by your high school. Admission and scholarships will be determined using the conversions as submitted. You are eligible to receive a maximum of 2.0 credits for grades of 5 or better on higher level courses.

How to Apply at ouac.on.ca

Applicants using the 101 application

1. Check admission requirements

Verify your admission requirements for your program of interest on page 42.

2. Apply online by the deadline

Go to the Ontario Universities' Application Centre (OUAC) website, ouac.on.ca, to complete your application by **January 15, 2020** for early consideration. The OUAC website provides you with video tutorials about how to apply, FAQs and other resources.

Getting started

You will be given an OUAC PIN from your guidance counsellor to use when applying online.

If you select more than one program at UofGH

If you apply to more than one program at the University of Guelph-Humber, you will be considered for all programs to which you apply. You are encouraged to list your program choices in order of preference. If you wish to change the order of your UofGH application choices after submitting your application, you must do so through the OUAC before April 15, 2020.

After You Apply

Check your email!

Shortly after you apply, you will receive a confirmation email from the University acknowledging your application and linking you to more information about what comes next.

Offers of admission

If you receive an offer of admission, the offer will appear on your OUAC account and you will receive an email and offer package in the mail from the University. To accept your offer, do so online at ouac.on.ca by **June 1, 2020**.

Applicants using the 105 application

1. Check admission requirements

Verify your admission requirements for your program of interest based on your applicant type.

2. Apply online by the deadline

Go to the Ontario Universities' Application Centre (OUAC) website, ouac.on.ca, to complete your application by the respective deadline. The OUAC website provides you with video tutorials about how to apply, FAQs and other resources.

Getting started

You will create a user profile on ouac.on.ca to start the application process.

If you select more than one program at UofGH

If you apply to more than one program at the University of Guelph-Humber and you have never attended postsecondary studies, you will be considered for all programs to which you apply. You are encouraged to list your program choices in order of preference. If you wish to change the order of your UofGH application choices, you must do so through the OUAC before April 15, 2020.

If you are a transfer applicant (i.e., have attended any postsecondary study) and you apply to more than one program at the University of Guelph-Humber, you can expect to receive only one offer of admission from the University. The highest ranked choice will be considered first. Only in the event that you are not admissible to your highest choice will your next choice be considered. If you want to reorder your UofGH program rankings, please amend your application on the OUAC website.

Check your email!

You will receive a confirmation email and a login and password to WebAdvisor, our online student administration system. Your WebAdvisor account lists the documents we require for admission consideration and the submission deadlines.

Transcripts and other documents

You will be required to submit transcripts. Other documents may also be required. Check your WebAdvisor account for details.

Offers of admission

If you receive an offer of admission, the offer will appear on your OUAC account and you will receive an email and offer package in the mail from the University. To accept your offer, do so online at ouac.on.ca by the deadline in your offer letter.

Ontario High School Applicant Admission Requirements

To be considered for admission, you must:

- > Be a full-time student completing your Ontario Secondary School Diploma (OSSD) in 2019–20, and
- > Be completing six 4U/M courses, including the subject requirements noted in the chart below. These will be used to calculate your admission average.

| Program | OUAC Code | Subject Requirements | Estimated Cut-off Range |
|--------------------------------------|-----------|--|-------------------------|
| Business | GDB | > ENG4U > any 4U math > four additional 4U/M courses | 75–80% |
| Early Childhood Studies | GHE | > ENG4U > five additional 4U/M courses | 75–80% |
| Family and Community Social Services | GHF | > ENG4U > five additional 4U/M courses | 75–80% |
| Justice Studies | GMP | > ENG4U > five additional 4U/M courses | 75–80% |
| Kinesiology | GHK | > ENG4U > any 4U math > any two from SBI4U, SCH4U, SPH4U or PSK4U > two additional 4U/M courses | 75–80% |
| Media Studies | GMT | > ENG4U > five additional 4U/M courses | 75–80% |
| Psychology | GMA | > ENG4U > five additional 4U/M courses | 75–80% |

Please note: (a) The non-academic component of 4U/M co-op courses is not considered for admission requirements. (b) Courses valued at 1.5 credits or greater will be considered equivalent to one credit. (c) The University will only accept courses approved by the Ministry of Education.

Grades: Your grades will automatically be sent to the University as data is received by the OUAC.

Student Profile (optional supplemental information): The Student Profile (SP) is your opportunity to tell us about factors that may have impacted your grades. If your admission average does not meet the cut-off for the program to which you have applied, your SP may be considered if your average is within a discretionary range of the determined cut-off range (up to 5%). If you have an admission average of 70–74.9%, it is strongly recommended that you submit a SP to be considered for admission. Profiles must be completed online at guelphhumber.ca/futurestudents and are due **May 1, 2020**.

Supplementary Information Form for Students with Disabilities (optional supplemental information):

The University of Guelph-Humber strives to provide equal opportunity for academically qualified students with disabilities. If you believe that your admission average does not reflect your true academic ability as a result of a disability, you are encouraged to complete the Supplementary Information Form for Students with Disabilities (SIF-D) available online at guelphhumber.ca/futurestudents. It will be considered along with your marks in determining admission. If you have an admission average of 70–74.9%, it is strongly recommended that you submit a SIF-D to be considered for admission. The deadline is **May 1, 2020**.

| Justice Studies | Paralegal | Full-time, on campus | Up to 5.0 credits granted for 2-year diploma | Fall |
| | Community and Justice Services; Law and Security Administration; Police Foundations; or Protection, Security and Investigation | Full-time, on campus | 10.0 credits granted for 2-year diploma | |
| Kinesiology | Fitness and Health Promotion; or Health, Wellness and Fitness | Full-time, on campus | 5.0 credits granted for 2-year diploma | Spring |
| Media Studies | Advertising and Marketing Communications/ Management; Broadcasting; Digital Communications; Image Arts/Photography; Journalism; Media Communications; or Public Relations | Full-time, on campus | Up to 5.0 credits granted for 2-year diploma Up to 10.0 credits granted for 3-year diploma | Fall |
| Psychology | General Arts and Science | Full-time, on campus | Up to 5.0 credits granted for 2-year diploma | Fall |

Transfer credit:

- > Approximately 1 year of full-time study or 10 courses are equivalent to 5.0 credits
- > Approximately 2 years of full-time study or 20 courses are equivalent to 10.0 credits

General Transfer Pathway

If you have a degree, diploma or coursework from a college or university not referenced in the chart above, you may be eligible for admission and transfer credit into one of these four programs:

- > Business
- > Justice Studies
- > Media Studies
- > Psychology

Your completed postsecondary coursework will be assessed for relevance and credit awarded where applicable.

Note: If you have both college and university coursework, then you should speak with Admission Services regarding admission requirements and transfer credit assessment.
