0:36 - 0:40	[Image of the Humber College Institute of Technology and Advance Learning logo]

“Humber College Institute of Technology and Advanced Learning.”

0:40 - 0:44 [Joseph Italiano speaking to the camera inside a lecture hall]  
“The University of Guelph-Humber was the first Institution in Ontario to offer students”

0:44 - 0:49 [Graphic showing an image of 2 credentials]  
“both the University Honors degree and a diploma in only four years of study, concurrently.”

0:49 - 0:57 [Students in class with professors and lab]  
“Students are provided with both the theoretical and practical hands-on learning experience in all seven programs offered here.

0:57 - 1:05 [Graphic of a magnifying glass with text]  
“The University of Guelph-Humber's curriculum is focused. Our programs consists of a majority of core courses with a maximum of only five electives per program.

1:05 - 1:13 [Students in class, students filing a project, student trainer working with client]  
“This allows you to spend more time studying what you are truly passionate about starting from your first day at the University.”

1:13 - 1:19 [Transitions to Joseph Italiano speaking to the camera inside a lecture hall]  
“Each of our seven programs have field placements integrated into the curriculum. Now depending on the program you choose,”

1:19 - 1:24 [Graphic of two hands shaking with text]  
“you may be required to complete anywhere from 100 to 850 hours of placement.”

1:24 - 1:31 [Image of Toronto with the CN tower in the distance and Nathan Philip Square]  
“Being located in Canada's largest city, Toronto, places you in the center of all opportunities.”

- 1:31 - 1:41 [Graphic of two hands shaking with text transitioning to Joseph Italiano speaking to the camera inside a lecture hall]  
“The University has done a great job networking and building connections with major organizations and companies within our community, making it easy for you to secure your placement.”
- 1:41 - 2:16 [Professor working with students in labs, students conversing in a lecture, professor teaching in class, students in class, students walking in the hallway]  
“Our instructors are easily able to connect real-life experiences to the theoretical concepts they are teaching you within the classroom. This is made possible because they themselves are working professionals in their area of study. At the University of Guelph-Humber you are provided with the unique opportunity of small campus and classroom sizes. With a student population of just under five thousand, you are placed in an academic learning environment where close bonds and friendships are inevitable. The average classroom size which is 49 students, with the largest lecture hall a maximum of 125 students.
- 2:16 - 2:23 [The exterior of the University with student walking towards it with interior shots of the University showing what the atmosphere is like]
- 2:24 - 2:36 [Student directing other students in building transition to Annalisa standing outside the University]  
“I'm a fourth-year student in the Family and Community Social Services program and one of the main reasons I chose Guelph-Humber with the mandatory placements. It's really helped me in networking and figuring out what I want to do in the social work field.”
- 2:37 - 2:43 [Show Neryse in class transition to her inside a lecture hall]  
“I chose the University of Guelph-Humber for their professors. They have so much information, they can tell you everything you need known as all up-to-date.”

- 2:44 - 2:55 [Group of students listening to another student, student sitting in class listening, Boaz talking to the camera in front of windows]  
“I realized that Guelph-Humber had a much more hands-on program than many other universities, so not only that I learned theoretical knowledge but I was able to put that to practice.”
- 2:55 - 3:07 [Student highlighting notes in class, Meaghan talking to the camera in front of windows, Meaghan talking to students]  
“Since the second I walked in I found that the close-knit community and the small class sizes really encouraged me to make those close connections with both the students and the staff in their program and it really helped me grow both professionally and personally.”
- 3:08 - 3:18 [Skyler talking in a lecture hall, Skyler talking to the camera in front of the plant wall]  
“After looking into the psychology program and what it had to offer I knew this was the perfect program where I could get that degree in the diploma within the four years in the exact same building and that's what really stood out to me.”
- 3:18 - 3:33 [Carmelle talking to the camera in a lecture hall, Carmelle sitting in a lecture hall, Carmelle engaging with another student]  
“Once I started getting involved into being a business student, I started making great connections, making a lot of friends here and I am now in that position where I find that Guelph-Humber is my second home.”
- 3:34 - 3:39 [Transition to the University of Guelph-Humber logo]
